- (c) Period for acceptance of offers. The offeror agrees to hold the prices in its offer firm for 60 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.
- (d) Product samples. When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. - (1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. - (2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is 'late' and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and—
- (A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

- (3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.
- (4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.
- (5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.
- (g) Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.
- (h) Multiple awards. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. SECTION M EVALUATION FACTORS FOR AWARD

M.1 Evaluation Criteria

The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered.

The Government will award a contract resulting from this Request for Proposal (RFP) to the responsible offeror whose offer conforms to the RFP and is the "Best Value" to the Government. The selection will consist of a Best Value source selection process based upon acceptability of accommodations and price. Unless EOUSA considers award to the proposal with the superior capability and lowest cost to represent the best value, in accordance with FAR 15.3, in order to select the winning offeror, EOUSA will rank offerors from best to worst by making paired comparisons, trading off the marginal differences in capability and price. If one offeror has both the better capability and the lower price, then that offeror will be the better value. If one offeror has the better capability and the higher price, then the technical evaluation panel will decide whether the marginal difference in capability is worth the marginal difference in price. If the technical evaluation panel considers the better capability to be worth the higher price, then the more capable, higher-priced offeror will be the better value. If not, then the less capable, lower-priced offeror will be the better value. If more than two proposals are received, the technical

evaluation panel will continue to make paired comparisons until s/he decided which offeror represents the best value.

The following factors in descending order of importance shall be used to evaluate offers:

1. Acceptability of accommodations: The hotel must be able to accommodate the entire conference in one facility. The facility shall be 4 or 5-star/diamond hotel with full restaurant, business support services, handicap access, and audiovisual services including high-speed Internet access in meeting rooms.

Acceptability is defined as the offeror's ability to meet or exceed the Government's requirements as stated in the solicitation. Acceptability factors include but are not limited to: suitability of the proposed location, quality of the proposed items of supply, and fitness of the accommodations proposed. The Government may require a site visit of the proposed location in order to determine overall acceptability. Offerors should submit descriptive literature and documentation to support the information in the quotation. Examples include brochures, menus and equipment lists.

Prospective vendors are to submit a proposal that include a written proposal addressing all of the services, proposed menus, types of accommodations and equipment to be provided.

2. Price
